

## Current Opportunity

We are currently seeking an experienced Machine Operator with First Aid qualifications. The candidate will be an organised self-starter who is deadline driven and detail orientated. They will also be familiar with scheduling, budgets, sub-contractor management, as well as working with clients, architects and project managers in a fast-paced environment.

### Key Responsibilities:

- Safely operate and setup/start-up construction machinery
- Assisting with preventive machine maintenance tasks from time to time
- Administer First Aid as necessary
- Anticipating and recognizing hazardous situations to provide a prompt response.
- Maintain constant communication with the trades and ensure buy-in to the safety program.
- Facilitate and participate in site inspections and implement corrective action as required.
- Ensure site operations are being completed safely and are in regulation compliance.
- Conduct site specific health and safety orientations for all new site workers and visitors.
- Maintain and prepare thorough documentation and reports.
- Liaise and assist the Site Supervisor and Project Manager as required
- Keep the site in good order

### Requirements:

- Minimum 1 years' experience in the construction industry.
- 3-5 years' experience as a First Aid attendant
- Minimum OFA Level 2
- Current machine tickets
- Must be able to problem solve
- Excellent communication skills
- Team player
